The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The PUBLISHER herewith presents the MONTREAL DIRECTORY for 1866-7, which he has no doubt will be found as nearly correct as it is possible to make a work of this character. To this end neither labor nor expense has been spared. In addition to great care being taken in the collection of the material for the Book, any portion of it, of the correctness of which there was the smallest doubt, has been most carefully revised. The agents state that in some cases a feeling of annoyance was exhibited by individuals who were called upon a second time for information. Were it not necessary, the Publisher would certainly not have inflicted the additional trouble on the persons referred to, nor the additional expense upon himself.

The Publisher is exceedingly gratified in being able to offer on this occasion the STREET DIRECTORY, which it was feared would have had to be abandoned on account of the expense attending it. The mere mention of the fact to the Subscribers, however, that it could be retained at a small individual expense, was quite sufficient—the additional charge being freely agreed to: indeed, instead of its injuriously affecting the circulation, the number of copies subscribed for during the present year far exceeds that of any preceding issue. Whether this be owing to an increase in our population or not, it is impossible to say. One thing is, however, certain, that the number of names in the Directory for the present year has been considerably augmented, the numbers being

In Directory for 1865-6 - - - - -	18,500
In Directory for 1866-7 - - - - -	19,500

being an excess of 1000 names over the number contained in last year's Book.

The MISCELLANEOUS DIRECTORY has been very carefully prepared, and rendered as complete as possible. In it will be found full particulars concerning our Banks, Benevolent and Religious Societies, Churches, Corporation, Military, Militia, Newspapers, Post Office, Railways, Steamers, &c.

JOHN LOVELL.

To this latter class of Safes we would invite particular attention. BOOKBINDING.—Owing to the difficulty of procuring first class Bookbinders, and the high wages they demand not being warranted by the amount of support accorded, together with the heavy duty (20 per cent.) binding material, *while the bound book is admitted free*, the undersigned is under the necessity of declining to execute further orders in this branch, and will hereafter confine himself to binding connected with his business, and the manufacture of Blank Account Books.

### ENLARGEMENT OF PREMISES.

THE undersigned has greatly enlarged and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with twelve Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, in thorough working order, which enables him to turn out large quantities of work at very short notice. 150 persons are employed in this Establishment.

Country Orders for Printing and Blank Books carefully attended to, and work dispatched by the safest and cheapest modes of conveyance.

The above Stores present every facility for the careful and proper STORAGE of all kinds of PRODUCE and GENERAL GOODS, being commodious and well ventilated.

Excellent Cellarage for Pork, Butter, &c., which cannot be surpassed by any in the City, being large, cool, and airy.

Ample accommodation for the Storage of Iron, Coal, and Heavy Goods, in our Canada premises, which, from their close proximity to the Basins, reduces the Cartage to a low figure.

Our Coal Oil Stores at Point St. Charles are specially adapted for the Storage of this article, having an inner and outer roof and walls of earth, thus rendering them dark, but at the same time cool, which prevents the leakage of the Oil.

Our Warehouse, being connected with the main line of the Grand Trunk by an adjacent siding, there is no cartage incurred on Coal Oil received by this Railroad, thus saving not only the expense, but the damage which necessarily, more or less, ensues to the barrels when carted.

### Terms and Conditions on which all Messages are received by this Company.

In order to guard against and correct as much as possible some of the errors arising from atmospheric and other causes appertaining to telegraphy, every important message should be *repeated*, by being sent back from the station at which it is received to the station from which it is originally sent. Half the usual price will be charged for repeating the message; and while this Company in good faith will endeavor to send messages correctly and promptly, it will not be responsible for errors or delay in the transmission or delivery, nor for the non-delivery of *repeated messages*, beyond two hundred times the sum paid for sending the message, unless a special agreement for insurance be made in writing, and the amount of risk specified on this agreement, and paid at the time of sending the message. Nor will the Company be responsible for any error or delay in the transmission or delivery, or for the non-delivery, of *any unrepeated message* beyond the amount paid for sending the same, unless in like manner specially insured, and amount of risk stated hereon, and paid for at the time. No liability is assumed for errors in cipher or obscure messages; nor for any error or neglect by any other Company over whose lines this message may be sent to reach its destination, and this Company is hereby made the agent of the sender of this message to forward it over the lines extending beyond those of this Company. No agent or employé is allowed to vary these terms, or to make any other or verbal agreement, nor any promise as to the time of performance, and no one but a Superintendent is authorized to make a special agreement for insurance.

No liability is assumed for any error or neglect by any other Company over whose lines a message may be sent to reach its destination.

JAMES DAKERS, *Secretary.*

*Mails.*—Mails are conveyed twice each way every day, except Sunday, over the principal lines of railway in Canada. Over the less important lines of railway they are carried only once each way every day, except Sunday.

Mails are also conveyed once each way every day, except Sunday, over the principal lines of common road; and once, twice, or three times per week over the less important lines of common road.

The postal communication between Canada and the Lower Provinces is three times per week each way *via* Quebec, and once per fortnight each way by Cunard Steamers *via* Boston and Halifax. Also three times per week each way in summer by steamers between Portland and St. John, N. B.

The most speedy and direct postal route from Canada to almost every portion of the globe (with the exception of the Continent of North America, the Isthmus of Panama, and a portion of the West India Islands,) is by way of England, whence mails for the several British Colonies and Foreign Countries are regularly dispatched.

The most speedy and direct postal route from Canada to all parts of the Continent of North America, the Isthmus of Panama, and the island of Cuba, is *via* New York.

Mails for England are despatched twice in each week from Canada, viz.: once by Canadian Steamer sailing every Saturday from Quebec in Summer, and from Portland in Winter; and once by Cunard Steamer sailing every Wednesday, either from New York or Boston.

The following post offices in Canada make up mails direct for certain post offices in the United Kingdom, viz.:

Hamilton,	Ottawa.

Mails are also made up at Quebec, Montreal, Toronto, and Hamilton, for Halifax, Nova Scotia, and for St. Johns, Newfoundland, and despatched to destination by Cunard Steamer sailing from Boston, every alternate Wednesday. The mails for Halifax include matter for Bermuda, and a portion of the West Indies.

**Rates of Postage on Letters.**—The rate of postage on *pre-paid* Letters between any place in Canada and any other place in Canada, and on *pre-paid* or *unpaid* letters between any place in Canada and any place in British North America (except the places hereinafter mentioned), including Nova Scotia, New Brunswick, Prince Edward Island, and Cape Breton, is regulated by weight, irrespective of distance, and is as follows:

On a letter not more than $\frac{1}{2}$ an oz.	5 cents.
" more than $\frac{1}{2}$ oz. but not ex. 1 oz.	10 cts.
" " 1 oz.	1 $\frac{1}{2}$ " 15 cts.
" " 1 $\frac{1}{2}$ oz.	2 " 20 cts.
" " 2 oz.	2 $\frac{1}{2}$ " 25 cts.

And so on, 5 cents being charged for every additional  $\frac{1}{2}$  oz., or fraction of half ounce.

If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to an additional rate.

Letters posted in and addressed to any place within the Province of Canada, if sent unpaid, are liable to a charge of 7 cents per  $\frac{1}{2}$  oz.

The charge on local or drop letters, viz., letters posted at an office in Canada for delivery from that office, is one cent for each letter.

The charge on letters delivered by letter-carrier in Canada, is two cents for each letter in addition to the ordinary postage.

Letters for Nova Scotia and Newfoundland specially addressed by "Cunard Steamer," sailing from Boston to Liverpool *via* Halifax, every alternate Wednesday, are liable to a rate of 12 $\frac{1}{2}$  cents per  $\frac{1}{2}$  oz.

The rate of postage on letters to British Columbia and Vancouver Island is 10 cents per  $\frac{1}{2}$  oz., which must be pre-paid. This rate covers the letter to San Francisco only; there will be an additional charge on delivery.

The rate of postage on letters to Red River *via* the United States, is 10 cents per  $\frac{1}{2}$  oz., which must be pre-paid.

The rate of postage on letters between any place in Canada and any place in the United States, is 10 cents per  $\frac{1}{2}$  oz., which may either be pre-paid or not, at the option of the sender.

Upon a letter or packet, of any weight, addressed to the *United States*, the *whole* postage or *none at all* should be pre-paid. If anything less than the whole is pre-paid, no account is taken of it, and it is *entirely lost to the sender*.

The scale of weight under which the above letters are charged is the same as the scale under which letters passing between places in Canada are rated.

The single rate of postage on letters between any place in Canada and any place in the United Kingdom, is as follows:

By Canadian Steamer, sailing every Saturday from Quebec in Summer, and from Portland in Winter, 12 $\frac{1}{2}$  cents.

By Cunard Steamer, sailing from New York or Boston every Wednesday, 17 cents.

Letters addressed to the United Kingdom, and forwarded by either the above routes, will be charged according to the following scale:

Letters not over  $\frac{1}{2}$  an oz., 1 rate.

" more than  $\frac{1}{2}$  oz., and not ex. 1 oz. 2 rates.

" " 1 oz., and 1 $\frac{1}{2}$  oz. 3 rates.

And so on, adding one rate for every additional half ounce or *fraction of a half ounce*.

The postage on all letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, should be prepaid.

If sent unpaid, 6d. sterling will be charged on each letter, on delivery, in addition to the ordinary postage rate.

Letters posted in Canada for the United Kingdom, and in the United Kingdom for Canada, unless specially addressed "By Canadian Steam Packet," or "By Cunard Steam Packet," are despatched in the first mail that is made up—whether for Canadian or Cunard line—after the letter is posted, so that letters intended for the Canadian Packets must either be posted on the proper days for the Canadian Packet Mails, or bear the words "By Canadian Mail Packet" on the address.

Two pence sterling, equal to 5 cents, will be charged on the delivery of letters which have been forwarded as above by Cunard Steamer, but on which 6d. sterling or 12 $\frac{1}{2}$  cents, only per  $\frac{1}{2}$  oz. have been prepaid.

The charge on dead letters, returned to the writers, is three cents on each letter in addition to the postage.

**Soldiers' and Seamen's Letters.**—Non-commissioned officers, embodied pensioners, seamen and soldiers, and army schoolmasters of all but first class, while they are employed in Her Majesty's Service, can send and receive letters at the rate of 2 cents each, under the following regulations:

1. The two cents must be paid by postage stamp at the time the letter is posted.

2. The name of the soldier or sailor, his class or description, and the name of his ship, corps, or detachment to which he belongs, must be specified in the direction of the letter; and in the case of letters *sent* by soldiers or seamen, the officer in command must sign his name and specify his rank, and the name of the ship or regiment, corps or detachment, which he commands.

3. The letter must not exceed half an ounce in weight.

4. The letter must refer solely to the private affairs of the soldier or seaman.

All the foregoing descriptions must be *fully written* in the address in the following form,

Letters for soldiers or seamen may be forwarded at the above rate to or through any country requiring the payment of any foreign or transit rate, but subject to the payment of such foreign or transit rate as may be chargeable thereon.

Soldiers' and seamen's letters are not liable to any additional rate on re-direction.

All soldiers' and seamen's letters are conveyed between Canada and the United Kingdom by the Canadian line of steamers.

Letters sent by commissioned or warrant officers, midshipmen or masters' mates, engineers, gunners, boatswains or carpenters in the navy, captains' clerks, or first class schoolmasters, or commissioned or warrant officers in the army, are not included in the privilege attached to letters of soldiers and seamen, but are chargeable with the same rates as ordinary letters.

Soldiers' and seamen's letters posted in Canada without a compliance with the above regulations are liable to full postage. If posted in accordance with the above regulations, but without prepayment of 2 cents, they are liable to a charge of 2d. sterling on delivery in the United Kingdom.

Soldiers' letters posted, and addressed to places in Canada pass, under the above regulations, at the reduced rate of 2 cents.

**Rates of Postage on Newspapers**—The law declares that for post office purposes a newspaper shall be held to mean a periodical published not less frequently than once in each week, and containing notices of passing events, that is to say, general news.

Although provision is made for forwarding newspapers through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

A newspaper to pass at the undermentioned rates is subject to the following restrictions :

1. It must have no cover, or a cover open at both ends.
2. It must not contain any enclosure.

3. It must have no writing or mark thereon but the name and address of the person to whom it is sent, nor anything on the cover except such name and address.

Newspapers which are not posted in accordance with these regulations, are not forwarded, but are sent to the Dead Letter office and destroyed.

An extra newspaper, or a supplement to a newspaper, is deemed a distinct newspaper, and charged accordingly.

Newspapers published in Canada may be sent by post from the office of publication to any place in Canada at the following rates, if paid quarterly in advance, either by the publisher at the post office where the papers are posted, or by the subscriber at the post office where the papers are delivered.

A paper pub. 6 times per week,	40 cts. per quar.
" 3 "	20 "
" 2 "	13 "
" 1 "	6½ "

When the above rates are not paid in advance by either the publisher or subscriber, the papers are charged 1 cent each on delivery.

It is not necessary that the commuted rate on newspapers should be paid absolutely on the first day of each quarter. The regulation is intended to be carried out with all possible consideration for the convenience of the public, and it will be sufficient if the person desiring to pay the commuted rate declares his intention and offers the payment when *first calling at the office* within a reasonable time after the commencement of the quarter; but after having made his option to prepay the commuted charge, or to pay for his papers as received at one cent each, as the case may be, postmasters are not expected to alter their newspaper accounts to allow of a change until the commencement of the next quarter.

The commuted rate of payment can be accepted from new subscribers during a quarter for any unexpired period of the quarter not less than a month.

Newspapers published in Canada, which are not posted from the office of publication, must be pre-paid one cent each by postage stamps, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed. Papers of this class are termed "Transient Newspapers."

Publishers of newspapers in Canada are allowed to enclose in copies of their papers sent to subscribers, subscription accounts, and receipts for the same, without rendering them liable to any additional postage.

Packets of unbound newspapers published in Canada may be returned by a subscriber to the office of publication at the rate of 2 cents per 8 oz. or fraction of 8 oz., which must be pre-paid.

Transient newspapers addressed to the United States must be pre-paid one cent each newspaper by postage stamp, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed.

Newspapers posted in the United States and addressed to Canada, are liable to one cent each on delivery. The stamp paid on these papers indicates that the United States postage only has been pre-paid, the Canadian rate of one cent remaining to be collected.

American newspapers posted or re-posted in Canada must be pre-paid one cent each, by stamp, otherwise they will not be forwarded.

The option of paying the commuted rate on newspapers does not apply to papers published in the United States; they must be paid for at the full rate of one cent each.

Canadian news agents and booksellers may post American newspapers unpaid, when addressed to regular subscribers in the Province; but such newspapers are chargeable, on delivery, with one cent each.

Newspapers posted in Canada and addressed to the United Kingdom must be pre-paid by stamp, one cent each newspaper.

When two or more newspapers are enclosed under one cover, postage must be prepaid by stamp at the rate of one cent for each newspaper, or the package will be detained and sent to the Dead Letter office.

Newspapers forwarded by Canadian Steamer are delivered in the United Kingdom without additional charge.

Newspapers forwarded by Cunard Steamer are liable, on delivery, to one penny each, being the American transit rate.

Newspapers posted in the United Kingdom for Canada should be prepaid one penny each, by stamp.

If forwarded by Canadian Steamer they are subject, on delivery, to no additional charge.

If forwarded by Cunard Steamer they are subject, on delivery, to two cents each, being the American transit rate.

British newspapers re-posted in Canada must be pre-paid one cent each by stamp.

British newspapers distributed to regular subscribers by Canadian booksellers or agents, pass free in the same way as if received by the Canadian Steamers.

Canadian newspapers addressed from the office of publication to subscribers in the United States, the United Kingdom, Lower Provinces, &c., may be forwarded on pre-payment of the commuted rate applicable to subscribers within the Province; but they cannot be forwarded if unpaid.

Exchange papers passing between publishers in Canada, and between publishers in Canada and publishers in the United States, are carried free through the post.

No newspaper, properly so called (except exchanges), whether devoted to education, temperance, agriculture, or to any branch of science, is entitled to exemption from charge. The law exempts only periodicals, other than newspapers printed in Canada, and devoted exclusively to the above objects.

Newspapers addressed to Newfoundland must be prepaid three cents each, by stamp.

No United States newspapers of any kind or description (with the exception of exchange papers) are on any ground entitled to pass through the Canadian mails free of postage.

In cities and towns where newspapers are published, the printers and publishers should send them to the post office put up in a manner to admit of their being readily counted, and, if necessary, withdrawn from their covers for examination. The newspapers for each office also should be made up in strong paper in a separate parcel which should be plainly addressed.

When the numbers of a newspaper published in Canada, or in either of the other British North American Provinces, or in the United States, and issued daily, have remained in a post office in Canada uncalled for during two weeks; of a newspaper issued semi-weekly, or tri-weekly, during three weeks; of a newspaper issued weekly, during one month; and of a monthly periodical during two months, or when such newspapers and periodicals have been refused to be taken by the party to whom addressed, the postmaster is instructed to notify the respective publishers in the proper form, which is to pass free of postage. If the newspaper or periodical continues to arrive after the notice has been sent, the postmaster is instructed to notify the publisher in the same way a second time, specially calling his attention to the first notice.

To enclose a letter, or any writing, or to make any written marks to serve the purposes of a letter, or to enclose any other thing (except publishers' accounts and receipts, as before mentioned) in a newspaper posted to pass as a newspaper, is a misdemeanor. Postmasters are requested at once to transmit all newspapers containing such writing, marks and enclosures, to the Postmaster General.

*Periodical Publications.*—Periodical publications are publications issued at regular intervals, but less frequently than once per week.

Periodical publications can be transmitted by post to any part of Canada and the United States at the following rates:

*Periodicals passing by Mail in Canada.*—The rate on all periodicals, other than newspapers, passing by mail in Canada, save such as may be addressed to or received from the United Kingdom, and such as are exempted from postage by statute, is one cent per 4 oz. weight of package containing periodical matter, whether the package contain one or more numbers.

Any fraction of 4 oz. to be charged as a full rate.

On Periodicals posted from the office of publication or by news agents or booksellers, to regular subscribers within the Province, this rate may remain to be collected on delivery, and must in such cases be marked upon the packages and charged in the letter bills; but when mailed to go out of the Province, such periodical matter must be pre-paid by postage stamp. British and United States periodicals

may be posted in Canada by news agents and booksellers to regular subscribers in the Province under this regulation.

Transient periodical matter posted in Canada must in all cases be prepaid by postage stamp.

The above rate is payable on delivery on all periodical matter received from the United States, except that Canadian editors may receive exchange periodicals from the United States free of Canadian postage.

*Canadian Periodicals posted for United Kingdom by Canadian Packets.*—Periodicals, printed and published in Canada, may be posted addressed to any place in the United Kingdom by *Canadian Packet*, on pre-payment by postage stamp of two cents each number.

This rate is applicable to all classes of Canadian periodicals posted as above for the United Kingdom, the exemption to which certain classes of Canadian periodicals are entitled, extending to such numbers only as are addressed from the office of publication to places within the Province.

Periodicals printed in Canada other than newspapers, when specially devoted to education, meaning the instruction of youth (both religious and general), to agriculture, to temperance, or to any branch of science, and addressed directly from the office of publication, to be transmitted to any post office in Canada, are conveyed by mail free of charge. Such periodicals must not contain general news or general advertisements, or they forfeit their claim to exemption.

A periodical devoted to education to pass free must be either strictly scholastic in its subject matter, or manifestly adapted and intended for juvenile as distinguished from adult instruction. It is in this primary sense that the word education, whether religious or secular, is understood to be used. Religious publications are not as a class entitled to exemption from charge. The law exempts only those which come within the foregoing definitions. It must, however, be borne in mind that when such periodicals are addressed to the United Kingdom or to foreign countries, they become liable to ordinary periodical (as above) postage.

No United States periodical of any kind or description can, upon any ground, claim exemption from Canadian postage.

Periodicals to pass at the above rates must be put up in covers open at the ends or sides; and if these regulations are not complied with, or if such periodicals are found to contain any writing other than the address, they are liable to full letter rates of postage.

No packet of periodicals can be forwarded through the post if exceeding the weight of 48 oz.

Bound volumes of any periodical published in Canada may be forwarded at the rates and under the conditions described under the article *Book Post*.

*Book Post.*—Books bound or unbound posted in Canada, and addressed to any office in Canada, British North America and the United States, are chargeable with a rate of one cent per oz., which must be pre-paid by postage stamps.

Book packets are forwarded by post from Canada to the United Kingdom, and *vice versa*, by Canadian steamers only, at the following rates:—For each packet

Not more than 4 oz.....	7	cts.
Exceed. 4 oz. and not exceed. $\frac{1}{2}$ lb.,	12 $\frac{1}{2}$	"
" $\frac{1}{2}$ lb.	12 oz.	19 "
" 12 oz.	1 lb.	25 "
" 1 lb.	1 $\frac{1}{4}$ "	32 "

And so on, the scale progressing throughout by a single rate for every four ounces.

Book Packets addressed to the United Kingdom may in future be registered upon payment of a registration fee of 8 cents, in addition to the ordinary rate of postage.

Book packets, printed matter, or single newspapers can be forwarded from Canada to France, or *vice versa*, by *Canadian Steamers only*, at the following rates:—

If not exceeding 2 oz. in weight...	5	cts.
If exceed. 2 oz. and not exceed. 4 oz.	10	"
" 4 "	8	" 20 "
" 8 "	1 lb.	40 "

And so on, adding 20 cents for each additional  $\frac{1}{2}$  lb. or fraction of  $\frac{1}{2}$  lb.

The following conditions must be carefully observed:

1. Every book packet must be either without a cover or in a cover open at both ends or both sides.

2. It must not contain any letter open or sealed, or writing to serve the purpose of a letter, or any sealed enclosure whatever.

3. It must not exceed two feet in length, breath, or width.

4. The postage must be pre-paid by stamps.

A book packet may contain any number of separate books, publications, works of literature or art, almanacs, maps or prints, photographs, daguerreotypes, when not on glass or in frames containing glass, and any quantity of paper, vellum, or parchment (to the exclusion of letters); and the books, maps, paper, &c., may be either written, printed or plain, or any mixture of the three, and may be either British, Colonial, or Foreign.

All legitimate binding, mounting, or covering of the same, or a portion thereof, will be allowed as part of the packet, whether such binding, &c., be loose or attached, as also rollers in the case of prints and maps, and whatever may be necessary for the safe transmission of literary or artistic matter, or whatever generally appertains thereto, and the postage is rated upon the gross weight of the packet.

The name and address of the sender may also be written or printed on the envelope or cover of the packet, in addition to the name

and address forwarded.

Books addressed to places in Canada can be sent through the mails in closed packets at the rate of postage applicable to parcels sent by parcel post.

Books cannot be forwarded except at letter rates of postage by the mail made up for the Cunard Steamers sailing from New-York and Boston.

Bound volumes of any periodical or news paper published in Canada, if bound in a form to come within mailable dimensions, that is to say, not exceeding two feet in length, breadth or thickness, nor exceeding 4 lbs. in weight may be sent from the office of publication to any place in Canada at a charge of two cents per 8 oz. or fraction of 8 oz.

Letters, whether sealed or unsealed, or any enclosure found in a book parcel, are liable to rates as unpaid letters, and the packet in which it is enclosed to an additional rate of 1½ cents as a penalty for a breach of the regulations.

PRINTED PAPERS, CIRCULARS, PRICES CURRENT, HAND BILLS, &c.—Printed circulars, prices current, hand bills, and other printed matter of a like character, posted in Canada, and addressed to any place in Canada, British North America, or the United States, are chargeable with a rate of one cent per oz. (one cent each when sent singly), which must be pre-paid by postage stamp.

The half-yearly School Returns made by School Trustees to the Local Superintendents of Schools, may, though the printed form be partly filled up in writing with the names of the pupils and days of attendance, be transmitted by post in Canada at the rate of one cent each, to be pre-paid by stamp.

When not filled up the above forms are printed matter, and liable as such to one cent per oz. postage.

Military returns, states, and rolls, containing written figures and signatures, may be forwarded as printed matter on pre-payment of one cent per oz.

Printed circulars are transmitted by post to the United Kingdom under the regulations and charges of the Book Post. They must be forwarded, however, open at the ends or sides. If sent in envelopes, sealed or unsealed, they are liable to letter rates of postage.

Prices current, posted in Canada and addressed to any place in the United Kingdom, are liable to a rate of 2 cents each, which must be pre-paid by stamp, when sent singly; when, however, sent in packages to one address, they pass at book rates.

Prices current enclosed in envelopes sealed or unsealed are by the regulations of the Imperial post office liable to letter postage.

Lithographed letters and circulars are allowed to pass through the Post at the same rate as printed circulars.

Printed Votes and proceedings of the Imperial Parliament and Colonial Legislatures pass to and from the United Kingdom at the ordinary book post charge.

Parcel Post.—Parcels closed at the ends and sides, and not exceeding 3 lbs. in weight, may be posted at any post-office in Canada, addressed to any other post-office in Canada, Nova Scotia or New Brunswick at the following rates:

For each parcel weighing not more than 1 lb .....	25 cents.
Exceeding 1 lb. and not exceeding 2 lbs.....	50 "
Exceeding 2 lbs. and not exceeding 3 lbs.....	75 "

The following conditions must be carefully observed:

1. No letter or letters shall be enclosed.
2. The parcel shall not contain any explosive substance, glass, liquids, or other matter likely to injure the ordinary contents of the mail.
3. The weight of the parcel shall not exceed 3 lbs., nor the size exceed one foot in length or breadth, or six inches in thickness.
4. The postage must be pre-paid by stamps.
5. The parcel should have the words "By Parcel Post" plainly written on the address. It should be well and strongly put up, and be legibly addressed to the post office address of the intended receiver, the name of the County in which the said office is situated being added.

If the name and address of the sender be written on the parcel, it will, if delivery should fail from any cause, be returned from the Dead Letter office unopened to the sender, on payment of an additional rate for the return conveyance.

If the number of stamps affixed to a parcel be insufficient to pre-pay the proper rate, the amount deficient will be rated unpaid, with a fine of 10 cents in addition.

Parcels may be registered on pre-payment, by stamp of five cents in addition to the postage. When registered, the postmaster should give a receipt to the party posting the parcel.

Parcels sent by post may contain books, daguerreotypes, photographs, printers' proofs and copy, military returns, statements and rolls, containing written figures and signatures; returns, deeds, legal papers, and all transmissions of a like character not being strictly letters.

To enclose a letter or letters, or any writing intended to serve the purpose of a letter, in a parcel intended for the Parcel Post, is a misdemeanor.

Should it be ascertained that a packet posted for the Parcel Post contains a letter or letters, the stamps it may bear will be cancelled and the parcel rated as a letter with full unpaid rates.

Parcels cannot be transmitted by post at the above rates to any place beyond the limits of the Provinces of Canada, New Brunswick and Nova Scotia.

The following is an example of the address recommended :

*By Parcel Post.*  
 Mr. Thomas Jones,  
 Paisley,  
 County of Bruce.

*Sent by William Smith, Toronto.*

**Franking and Free Letters.**—The following matter is exempt from Provincial Postage :

All letters and other mailable matter addressed to or sent by the Governor-General of Canada, or addressed to or sent by any Public Department at the seat of Government.

All letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Legislative Council, or of the Legislative Assembly, or to or by any member of the Legislature at the seat of Government during any Session of the Legislature, or addressed to any of the members or officers in this section mentioned at the seat of Government as aforesaid, during the ten days next before the meeting of Parliament.

All public documents and printed papers sent by the Speaker or Chief Clerk of the Legislative Council or the Legislative Assembly, to any member of either of the said branches of the Legislature of Canada, during the recess of Parliament.

All papers printed by order of either branch of the Legislature of Canada, sent by members of either branch of the said Legislature either during the session or recess.

Public documents and printed papers sent under the two foregoing clauses, should bear, as part of the address, the *bond fide* superscription of the Speaker, Chief Clerk, or officer specially deputed for this purpose, to act for those functionaries, or of the member sending the same.

All letters to and from the Postmaster General and the Deputy Postmaster General ; and all official communications to and from the post office department, and to and from the post office inspectors, are to pass free of any provincial postage.

Letters on Her Majesty's service passing between the United Kingdom and Canada, to or from the following Imperial Military Departments, are exempt from Canadian postage :

- Military Secretary.
- Adjutant General.
- Quarter-Master General.
- Commissariat Department.
- Barrack Department.
- Medical Department (including Purveyor's).
- Comptroller of Army Expenditure.
- Military Accountant.
- Royal Engineer Department.
- Regimental Paymaster and Officers Commanding.

**Abating and Refunding Postage.**—Postmasters in Canada are allowed to refund postage in the following cases only :

Letters originating and for delivery in Canada, charged as weighing more than the actual weight.

Postage incorrectly charged on editor's notices addressed to publishers and editors, and exchange papers, which should legally pass without charge.

All other claims for the return and abatement of postage must be specially referred to the Postmaster General for his decision, with the letter or packet on which the return is claimed.

**Undelivered and Dead Letters.**—All letters remaining undelivered in a post office on the first of each month, excepting drop letters and such letters as are daily called for, are advertised in a list posted at the office door for the information of the public.

If a newspaper is published in the neighborhood, the Postmaster is, at the discretion of the Postmaster General, directed to insert this list therein, provided the proprietor will give it insertion at the authorized rate.

Parties applying at an office for advertised letters should always ask for them as such.

Letters and papers after remaining undelivered in an office for three months are sent to the Dead Letter office, as also are all letters refused by the person to whom they are addressed, or letters addressed to persons deceased.

Letters are opened in the Dead Letter office in order that they may, when necessary, be returned to the writers.

**Registration.**—By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted :

- On letters addressed to any place in Canada or the other British North American Provinces..... 2 cents.
- On letters addressed to any place in the United States..... 5 "
- On letters addressed to any place in the United Kingdom..... 8 "
- On books addressed to any place in the United Kingdom..... 8 "
- On parcels to any part of Canada, New Brunswick, or Nova Scotia.... 5 "

The registration fees on letters to British colonies and foreign countries will be found in the tables.

Every letter or parcel containing value should be marked for registration and presented to the Postmaster or his clerk, and a receipt obtained therefor. On no account should it be dropped into a letter box.

When letters are registered, both the postage and the registration fee must in all cases be pre-paid.

Books, periodicals, newspapers, circulars, and other printed matter cannot be registered (except books addressed to the United Kingdom) unless pre-paid the full letter rates, in addition to the ordinary registration fee.

addressed or to their order; and a receipt must be given on the delivery of each registered letter in a book kept by every Postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or parts abroad, if not to its delivery, at least to the frontier or port of despatch.

**Postage Stamps.**—Every Postmaster is required to have on hand a sufficient stock of postage stamps, and to sell them to the public at 1 cent, 2 cents, 5 cents, 10 cents, 12½ cents, and 17 cents, each.

Letter envelopes are also provided with medallion stamps equivalent to 5 cents and 10 cents postage, each. The five cent envelopes are sold singly at 6 cents each; 66 cents per dozen; \$5.30 per hundred. The 10 cent envelopes are sold singly at 11 cents each; \$1.26 per dozen, \$10.30 per hundred.

Under the authority of the Postmaster General, postage stamps are sold to certain dealers in the principal cities to retail again to the public.

Pre-payment of letters should, in all cases where practicable, be made by postage stamps.

A mutilated stamp, or a stamp cut in half, is not recognized in pre-payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage separate from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country, can be received in pre-payment of postage in Canada.

In affixing the stamp to the letter, wet slightly the corner of the envelope and the gummed side of the stamp, and gently press the stamp till it is firmly fixed. Stamps should be placed on the front or address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in stamps and partly in money: the postage must be pre-paid either wholly in stamps or wholly in money.

If the stamps affixed to a letter addressed to any place in British North America be not adequate to the proper postage, the letter is rated with an amount equal to the deficiency; the whole postage being calculated at the *unpaid rate*, e. g. a single letter pre-paid 3 cents would be rated 4 cents additional: a double letter pre-paid 5 cents only would be rated 9 cents additional.

Letters addressed to the United States, on which stamps are affixed representing less than the amount of postage to which the letters are liable, are rated with full unpaid postage.

Postage stamps are received at all post offices in payment of postage on unpaid letters delivered therefrom.

*Postage Rates on certain Miscellaneous Matter passing within the Province of Canada, or to and from the United States.*

1. Packages of seeds, cuttings, bulbs, roots, and scions, or grafts, may be posted in Canada for delivery within the Province or to an address within the United States, on pre-payment by postage stamps of a rate of one cent per ounce; and when received from the United States to any place in Canada, such packages may be delivered on payment by the person addressed, of a like rate.

2. The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection; and in the case of such package, mailed in Canada, the nature of the contents, such as "seeds," "roots," &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate hereby made applicable to such matter.

3. Book manuscript, and printers' proof-sheets (whether corrected or not), maps, prints, drawings, engravings, photographs when not on glass, or in cases containing glass, and sheet music (whether printed or written), may pass in covers open at the end or sides, and provided that no letter or other communication intended to serve the purpose of a letter, be enclosed therein, on pre-payment, when posted in Canada, by postage stamp of the ordinary printed-matter rate of one cent per ounce; or upon payment of that rate on delivery of such matter when received in the mails from the United States.

*Transmission of Patterns of Merchandise and Samples between Canada and the United Kingdom, and certain other countries.*

4. Patterns of merchandise and samples may be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium, and the German States by the Canadian packet mails, at book-post rates, and subject to the following conditions:

A. The patterns or samples must not be of any intrinsic value; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern; nor must the quantity of any material or article sent as a pattern or sample be so great that it could have on this ground an intrinsic value.

On this point an explanation in a subsequent Departmental Order, appears as follows:

B. It has hitherto formed part of the Imperial post office regulations that "*samples or patterns*

must not be of intrinsic value," but in consequence of the difficulty that has been experienced in determining what is, and what is not, a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and will not alter nor enlarge in any way, the character of the transmissions permitted to pass by pattern post.

The special prohibition as to intrinsic value has, it is understood, been withdrawn, not because the question of value will not still influence a decision as to whether an article offered for transmission by pattern post is a genuine commercial sample (or pattern) or not, but because as a general proviso it could not well be enforced; inasmuch as every article whether properly a pattern or sample or not, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory clause in the regulation.

C. The patterns &c., must be sent in covers open at the ends, so as to be easy of examination. Samples however of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck; or, provided that bags be transparent, they may be entirely closed, if they are for delivery within the United Kingdom. Bags however, entirely closed, even though they be transparent, must not be used for the transmission of seeds to foreign parts.

D. The rule which prohibited the transmission through the post, as patterns, of articles of cutlery, &c., has been rescinded; and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, however, must be so packed that they may be easily examined; and it is made a rule that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

No packet of patterns or samples must exceed 24 oz. in weight.

A packet of patterns or samples sent to France, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length or 12 inches in breadth or depth.

A packet of patterns or samples sent to Germany or Belgium must not exceed 8 ounces in weight.

None of the articles named in the rule D, may be sent as patterns or samples to any place abroad, except Germany, Belgium, and the British colonies, and not to these places when addressed "via France."

There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturer's or trade mark and number, and the price of the article.

Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

**MONEY ORDERS.**

Post offices in Canada at which money orders are issued and paid, are distinguished in the List of Post Offices by being printed in *italics*.

Every money order office in Canada issues money orders on every other money order office in Canada, as well as on every money order office in the United Kingdom. Every money order office in the United Kingdom also issues money orders on every money order office in Canada.

**MONEY ORDERS ON CANADA.**

All the money order Post Offices in Canada are authorized to draw money orders on each other for any sum up to \$100, and for as many orders of \$100, each as the applicant may require, upon the following terms, viz :

On Orders up to \$10 .....	5 cents.
“ over \$10 and up to \$20..	10 “
“ over \$20 “	\$40..20 “
“ over \$40 “	\$60..30 “
“ over \$60 “	\$80..40 “
“ over \$80 “	\$100..50 “

**MONEY ORDERS ON THE UNITED KINGDOM.**

The Canadian money order offices also draw upon all the money order offices in England, Ireland and Scotland, and the Channel Islands, for any sum up to £10 sterling, and grant as many orders for £10 sterling each, as may be needed to make up the amount remitted. The terms are as under :

On Orders up to £2 .....	25 cents.
“ over £2 and up to £5..	50 “
“ over £5 “	£7.. 75 “
“ over £7 “	£10.. \$1.00.

**MONEY ORDERS ON THE LOWER PROVINCES.**

The Canadian money order offices draw also upon all money order offices in Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland. The orders, like those of the United Kingdom, are made payable in sterling money, and for sums up to £10 sterling. The terms are :

For orders up to £5,	25 cents.
“ over £5 and up to £10,	50 cents.

No half cents can be introduced into orders.

No money order exceeding \$100 in amount can be granted on any office in Canada; but Postmasters are at liberty to grant two or more orders for \$100 or for any lesser sum. They cannot, however, grant two or more orders for sums of or under \$30 on the same day to the same applicant in favor of the same payee.

Tables showing the amount of Provincial currency required for money orders issued in Canada upon the United Kingdom, in addition to the commission, and for money orders issued in the United Kingdom upon Canada will be found subjoined.

Applicants for money orders should always use the printed application forms, in which they should fill up the particulars of the order required. These forms are supplied gratuitously at all money order offices.

The Christian and surnames in full, and residences, both of the remitter and payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own Christian name should be given, and not that of her husband, thus—

"Mrs. Mary Smith," not "Mrs. John Smith."

If the remitter or payee be a Peer or a Bishop, his ordinary title is sufficient. If a firm, the usual designation of such firm will suffice, such as "Baring Bros.," "Smith & Son," "Jones & Co."

Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will appear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

Money orders, which, in consequence of misapprehension of the name of the remitter or place of payment, have been erroneously made out, can be returned to the postmaster, and a correct order given in exchange; a new commission, however, will be charged on the corrected order.

Parties obtaining money orders on Canadian offices, can procure re-payment thereof on presentation of the orders at the office at which issued, signing the receipt at the foot. No order, however, can be re-paid without the authority of the superintendent, unless presented for re-payment on the day on which it is issued. Neither can orders on the United Kingdom be re-paid without his special authority.

When a remitter desires an order on the United Kingdom to be paid through a bank, it is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee any other designation or modification, such as "the Cashier of the Bank of England," "the Chief Clerk of the Foreign Office." Such orders must, however, be crossed by the issuing postmaster with the name of the bank through which the order is to be paid.

The issue of money orders on credit, or for cheques not marked "good" by the bank drawn upon, is strictly prohibited.

If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing; as for example

His  
Witness—John Kenny, Joseph + Allen.  
Queen Street, Toronto. Mark.

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favor of a second person, if through illness or insuperable difficulty the payee is prevented from presenting the order in person.

When a Canadian money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue a duplicate.

Duplicates of sterling orders can only be granted by the paying country. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head Money Order Office grants duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as lapsed orders, and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order.

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

Amount in Currency to be paid in Canada for Money Orders drawn in Canada on the United Kingdom, and for Money Orders drawn in the United Kingdom on Canada, from 1d. Sterling to 5s. Sterling.

Letters posted without any direction or addressed so imperfectly that they cannot be forwarded to their intended destinations, and also unpaid or insufficiently paid letters addressed to countries to which letters cannot be sent without the postage is prepaid, are returned to the writers through the Dead Letter office.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed.

Parties desiring their letters and papers to be re-directed should send an intimation to that effect, in writing, to the postmaster of the office from which the letters and papers are to be re-directed.

Postmasters are allowed to re-direct letters to the known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being called for.

Letters and papers are not subject to any additional charge when re-directed from one post-office in Canada to another post-office in Canada.

Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains glass or anything likely to injure the contents of the mail bag or the person of any officer of the post-office.

A postmaster is not legally bound to furnish change; but may require that the exact amount of postage on any letter or packet be tendered to him in current coin, or in Canada postage stamps.

Postmasters and their assistants, in the above matter, as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices with the utmost courtesy.

Letters cannot be delivered at any intermediate office *en route*, but must be conveyed to the office to which they are addressed.

Mail couriers are bound to receive letters offered to them whilst on the road between one post office and another, provided that when a letter is so offered the distance from the nearest post office exceeds one mile. Such letters are termed Way Letters, and are subject to the ordinary rates of postage.

*Suggestions for the Public.*—Facility will be given to the post office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations:

Post all letters and newspapers, &c., as early as practicable, especially when sent in large numbers.

When a number of newspapers are addressed to the same office, put them up in one parcel.

When a number of circulars are posted, tie them up in a bundle, with the addresses all in one direction.

Address letters, papers, &c., in a legible and complete manner, always giving the name of the post-office; and if there be more than one post-office of that name, the name of the county in which situated. In case of letters going abroad, the name of the country as well as of the town and city, should be given in full. Letters, for example, intended for London, England, if simply addressed "London," would be forwarded to London, Canada West, and thus be delayed.

See that every letter, newspaper, or other packet sent by post, is securely folded and sealed. Every such packet has to be several times handled; and even when in the mail bag, is exposed to pressure and friction. Unless, therefore, the article be light and pliant, it should be enclosed in strong paper, linen, parchment, or some other material which will not readily tear or break.

When dropping a letter or newspaper into a letter-box, always see that the packet falls into the box, and does not stick in its passage.

Never seal letters for the East or West Indies and other hot climates, with wax. Such a practice is attended with much inconvenience, and frequently with serious injury, in consequence of the melting of the wax, and the adhesion of the letters to each other. In all such cases use either wafers or gum, and advise your correspondents in the country referred to, to do the same.

Never send money or other articles of value through the post office, except either by means of a money order or in a registered letter. Carefully secure every letter or packet containing money or value, first with gum and afterwards with good sealing wax, on which make the clear impression of a seal.

In posting a registered letter or packet, always obtain a receipt for the same at the office where posted.

When letters or papers are delayed or missing, at once communicate the fact to the Postmaster General or to the Inspector of the division in which is situated the post-office at which the delayed or missing letters were posted. In case of a missing letter enclosing value, state the exact contents, the exact address, and the office at which posted; the name of the person by whom posted and the name of the person by whom received at the office. In the case of a delayed letter or paper, send the cover or wrapper in an entire state, in order that the place of delay may be ascertained by an examination of the post marks.

In each of the above stations there are three fire guardians permanently, in addition to whom there is a volunteer Company of three officers and thirty-six men, who are called out in three separate sections, according to the three fire District divisions of the City, but also when required act as one body. This is done by calling one section by the first alarm, two sections by a second alarm, the remaining one by a third; and if not required one single blow is given on the Church bells signifying the immediate danger is over and therefore not wanted. The same system is adopted by the Fire Stations, which are divided in a similar manner, and are called out in the same way.

**THE MERCANTILE AGENCY,**

Established in New York nearly twenty-five years ago, on June 21st, 1841, for the promotion and protection of trade; Union buildings, St. François Xavier st., Montreal, C.E.

Our object, and that of our eighteen branch and associate offices in the large cities of the United States of America, Canada, and in London, England, is to give information to subscribers of the standing of those who purchase goods on time, or otherwise require credit.

We are supported by fully three-fourths of the merchants, bankers, and manufacturers of every community where our advantages are known.

"This institution, established in the city of New York over twenty-four years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the merchants and manufacturers of the Union from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a system that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of merchants, traders, manufacturers, public companies, &c., throughout the United States, their Territories, and British North America."

Collections of past due debts particularly attended to for all, whether subscribers to the Agency or otherwise.

Terms of subscription will be made known at the office, where we shall be much pleased to afford information as to the system pursued, and to give (free of expense) to those who contemplate joining the institution, a reasonable test of the correctness of our reports.
